Invitation to the job fair 'job.start - New home, new city, new job! Dortmund.'

job.start - The job fair for women with refugee and migration experience offers a unique opportunity for women to showcase their professional skills. Companies have the opportunity to present job vacancies and attract new labour and skilled workers.

The 'job.start' event is aimed specifically at women with refugee and migration experience who have been living in Dortmund for a long time or who have recently moved here in order to get to know the possibilities of the Dortmund labour market. The aim of the event is to bring together Dortmund companies and women who are looking for work, would like to gain further qualifications or would like to get an overview of the variety of educational and employment opportunities in the city. The programme is partly offered in several languages. With a focus on information on the recognition of professional qualifications and (financial) support for companies when hiring, this day is an important step towards integration and professional development. Women from different cultures contribute their unique skills and perspectives, while company representatives recognise and promote this potential.
